

The world's first robot dedicated to ear surgery

Stand n°1 - SH medical group

17TH INTERNATIONAL
CONFERENCE ON
COCHLEAR IMPLANTS
AND OTHER IMPLANTABLES
TECHNOLOGIES

Auditorio Alfredo Kraus
LAS PALMAS DE GRAN CANARIA
CANARY ISLANDS SPAIN

February, 21st - 24th 2024

 **COLLIN**
Dedicated to ENT

Sessions

February, 21st

10:00-11:30^{am} Hall 4 Oral Communications 2 - Topic: CI Children Surgery

■ Moderator/Chairman: Juan Carlos Falcón

→ **Characteristics of trauma for lateral wall electrode arrays following cochlear implantation**

■ Speakers: Renato Torres.

12:00-01:00^{pm} Hall 5 Seminar

→ **Abstract: «RobOtol® and CI surgery: how to proceed from an early adoption to become an expert user, which are the advantages for the patients»**

■ Speakers: J. Muller, A. Della Volpe, Renato Torres, Éric Barat.

February, 22nd

11:45-12:30^{am} Hall 3 Oral Communications 11 - Topic: New Technologies

■ Moderator/Chairman: Isaura Rodriguez.

→ **Impedance and Functional Outcomes in Robotic-Assisted or Manual Cochlear Implantation**

■ Speaker: Philippe Lefebvre.

February, 23rd

09:45-11:15^{am} Hall 5 Round Table 21: Robotics in CI

■ Moderator/Chairman: Vedat Topsakal.

■ Speakers: Marco Caversaccio, Camille C. Dunn, Philippe Lefebvre, Thomas Lenarz, Thomas Klenzner.

02:30-03:30^{pm} Hall 6 Oral Communications 45 - Topic: New Technologies

■ Moderator/Chairman: Alfonso Bonilla.

→ **Robot-Assisted electrode array insertion**

■ Speaker: Vittoria Sykopenrites.

February, 24th

11:45-12:45^{am} Hall 2 Oral Communications 61 - Topic: CI Adults Surgery

■ Moderator/Chairman: Nicola Quaranta.

→ **Robotized cochlear implantation under fluoroscopy: optimizing the quality of electrode array insertion**

■ Speaker: Thierry Mom.
